Languages: Java, Javascript(ES6), Ruby

Tools and Frameworks: React.js, Redux, Rails, Postgres, ActiveRecord, Next.js, Git, Github, Peer.js, Express.js, HTML, CSS

Database: Firebase

Platforms: Vercel, Heroku, Netlify

TECHNICAL PROJECTS

Flatiron Hub - [Github](#) | [Site](#)

A Hub for Flatiron Students to come together and chat, video chat, learn and play games.

- Developed Javascript/React/Redux front-end with Games REST API and custom built REST API application
- Delivered functional peer to peer video chat with PeerJs and built a real-time communication Chat with group chats
- Authenticated users at login by encrypting identifying account info with a ChatEngine backend

Expense App - [Github](#) | [Site](#)

Rails app that allows users to keep track of expenses with integrated crypto currency widget and Alan AI with custom script for users to find prices of any crypto

- Modeled Custom database schema and REST API with Active Record, Postgres, and Ruby on Rails
- Handled lifecycle methods and reusable logic with React Hooks, & Managed async workflow with Redux Sagas
- Implemented data management in front-end components along with data visualization from ChartJs
- Engineered custom script using Alan AI to allow users to use an AI to navigate the site & receive custom information

MetaVerse Chat- [Github](#) | [Site](#)

Real-time chat application to access a shared virtual environment that optimizes access to chats, message history, and friends

- Developed Javascript/Next/React front-end with a Moralis backend Web3 Server application
- Implemented backend support for storing and retrieving data from blockchain, message history, users, etc.
- Authenticated users at login through MetaMask wallet creating a decentralized chat app built using Web3 technology

EXPERIENCE

Amazon

Fulfillment Associate

City, State

08/2021 - 10/2021

- Proactively identified process improvements to ensure quality and organization.
- Safely and efficiently prepare and complete over 100 orders per shift for deliveries on time

Verify

Community Manager

08/2017 - 01/2018

- Developed a strategy to build and maintain programs and activities that will have a positive impact on the community
- Collected and maintained data and information on participation, prepared reports to track trends and progress toward strategic goals

EDUCATION

Flatiron School

Full Stack Web Development, Ruby on Rails and JavaScript program

New York City, NY

10/ 2021 - 01/2022

Rutgers University

Bachelor of Science, Economics

08/ 2021
